

Year 6 Weekly Newsletter – 19th December 2025

What have Year 6 been up to this week?

This week in English, we planned our key points to discuss in our persuasive writing before writing to Santa to persuade him to purchase our incredible sleighs to replace his old one! We were really impressed with the persuasive techniques the children used.

This week in maths, we learnt how to convert units of mass before tackling measurement problems involving length, volume and mass.

During our art lessons, we created our mixed media heart designs using a range of materials and techniques as well as applying our scientific knowledge. We then evaluated our designs. In computing, we learnt about positive and negative online attention and how to report concerns.

We also watched the year 4 nativity performance – it was amazing! Well done, year 4!

On the final day of term, year 6 conducted a sporting activity to year 5. The purpose of this activity was to highlight the importance and impact that exercise and healthy eating has on our heart.

	<p>6A's Star of the Week</p> <p>Murtaza for your fantastic persuasive writing – you used a range of techniques effortlessly to sell your vehicle!
