

1

Can you draw your own bar chart to show the following information:

Colour of cars

Red—3

Blue—9

Black— 21

Green—9

Other— 18

Think carefully about what you need to count up in.

Extension:

Use your bar chart to answer these questions:

1. Which car colour was the least popular?
2. Which car colour was the most popular?
3. How many more people had a black car compared to a red car?
