What impression of the angel in this verse? Support your impressions using evidence from the text. (3 marks)

3 marks for 2 correct impression with at least one piece of evidence.

Impressions: The guardian was constantly there for the narrator, the angel was caring, loyal, supportive (any similar words to these)

Evidence: 'I wept both night and day' 'he wiped my tears away;'

3. 'So he took his wings, and fled;'

Explain, using evidence from the text, why the angel 'fled'. (2 marks)

1 mark for the correct answer and an additional mark given for the correct evidence from the text

The angel fled because the narrator tried to hide how happy they had become and therefore, tried to hide how they no longer needed the angel but wanted the comfort of a guardian angel instead. I know this because in the text it says, 'hid from him my heart's delight'. However, the angel realised that they was no longer needed and left anyway.

4. Why had the angel 'came in vein?' (1 mark)

The narrator had grown up and chosen their approach to life. It was too late for the angel to change this.

5. 'And grey hairs were on my head.' This suggests that... (1 mark)

That a lot of time had passed

6. Number the following sentences from 1 - 5 to show the order in which they happen in the poem. The first one has been done for you. (1 mark)
